THE MANAGEMENT

The College is managed by the Sisters of St. Joseph of Cluny, a Minority Missionary Congregation, renowned for its charitable work, having its tentacles flung into the five continents. During the last 64 years, the Cluny Sisters have moulded young boys and girls into men and women of substance with character, who have gone on to render yeomen service to the country and the world.

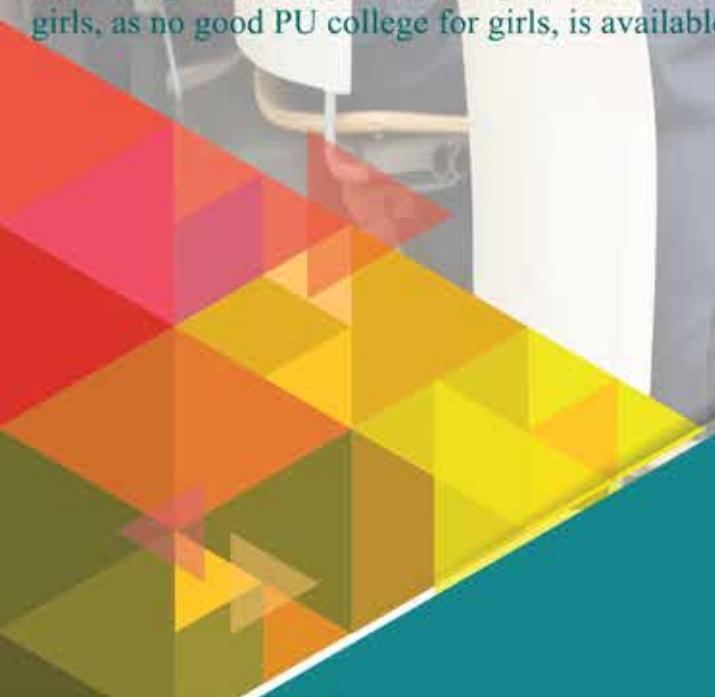

OUR MISSION

The College's mission is based on our Foundress Blessed Anne Marie's vision of education. The Cluny College aims at inculcating a sound Christian and human formation geared to the total and integral development of the whole person-spiritually, intellectually, physically, emotionally, socially, politically and culturally-ready to collaborate with others in the building up of a just world social order.

CLUNY

The history of Cluny Education is a history of liberated mission, -initiated by a peasant girl Anne Marie. She founded the Congregation of the Sisters of St. Joseph of Cluny in 1807. Anne Marie had the satisfaction of having helped people in the five continents. In India, the Sisters of St. Joseph of Cluny arrived in the year 1827 and went on to make their presence felt in various territories here. The impact of the untiring efforts in the field of Education continues to spread through the length and breadth of the country. In Bangalore, Cluny sisters, started their first educational institution at Malleshwaram in 1948. In 1956 there was a need to start a school at Jalahalli and the classes began with 14 students in a small barrack that was made available by the H.M.T Management. Later the classes moved to a spacious building given by the management of B.E.L in 1957. The reputation of the school grew and the management was compelled to build their own school in 1973. The High School started in the year 1985-86. The first 10th standard batch passed out in the year 1987-88 with 100% result and after that there was no looking back. The Kannada Medium at Cluny started in the year 1993-94, gives free education to the needy.

With the changing times, the parents and people of the surrounding areas have been requesting the management for quite some time to start a PU college exclusively for girls, as no good PU college for girls, is available in the surrounding areas.

A call 'To empower women' from our parents and well wishers, especially the girl child, prompted us to start the College in this vicinity. The state-of-the art college building with all modern amenities, well equipped science Laboratories, a hi-tech computer lab and other facilities to help the students in the all round development with a holistic approach, is well planned and carefully executed. This institution with its meticulous care for each of its individual hopes to strike a complete fullness in the field of focus oriented education.

STATEMENT OF OBJECTIVES

"The goal of Education is to teach the students to live, to discover the deeper meaning of life, to learn "To be" and to have a vision of a world at peace with itself, where all live in harmony with their brothers and sisters and with the environment."
